### About

A Front-End Developer with a strong focus on user experience and attention to detail. From integrating APIs to crafting visually appealing designs, I strive to create seamless digital applications.

### Education

**Digital Design and Development Diploma**  
British Columbia Institute of Technology  
Sept 2022- May 2024

### Front-End Developer Experience

**Haven** | [www.github.com/mpedrano/Haven](https://www.github.com/mpedrano/Haven)  
**Front-End Developer, UX/UI Designer**  
Jan 2024 – March 2024

- NextJS application that utilizes various API's to display adoptable pets and charity data
- Implemented automated end-to-end tests for the app interface using Cypress

**WhatSupper** | [www.github.com/mpedrano/WhatSupper](https://www.github.com/mpedrano/WhatSupper)  
**Front-End Developer**  
Sept 2023 – Dec 2023

- Expo application that generates meal plans for low-income individuals through scanned grocery fliers
- Integrated OCR with Open AI for recipe generation, and used Firebase to store user scan history

**Recyclonaut** | [www.github.com/mpedrano/Recyclonaut](https://www.github.com/mpedrano/Recyclonaut)  
**Front-End Developer, UX/UI Designer**  
Jan 2023 – May 2023

- NextJS application with an educational quiz about the real life environmental impacts of people's actions
- Handled quiz questions and sorted quiz results into different groups using React hooks
